

pivotal treatment for recovery

MidPointe Day Rehabilitation

What? MidPointe is a rehabilitation program operating daily Monday through Friday. It is a program that focuses on helping consumers develop the skills they need to live independently in the community. Staff and consumers work together to reduce hospitalizations. It is not adult day care and it is not day treatment.

Who? MidPointe serves adults 19 years old and older who are living with Severe Persistent Mental Illness (SPMI). An SPMI diagnosis is required for admittance to the program. Adults living with SPMI and co-occurring substance use issues are also welcome to participate. Co-occurring disorders are not a program requirement. Consumers who would benefit from full-day services three or more days per week are preferred.

Where? MidPointe is centrally located in Lincoln, Nebraska.

2966 O St
Lincoln NE 68510

When? MidPointe is currently seeking referrals.

Funding? MidPointe accepts Medicaid and Region V Behavioral Health funding. Please refer consumers without insurance for consideration. MidPointe staff will assess consumers and seek authorization for services as appropriate.
